Mission

The Office of Multicultural Affairs (OMA) is a place for students of all cultures, backgrounds, and experiences to come together to learn more about themselves and about each other. OMA takes a holistic approach to empower Oklahoma State University students to think and act in ways that embrace and promote an inclusive world. We assist students in achieving academic excellence, developing their personal and professional character, and engaging in the campus and greater community. OMA achieves these goals by connecting students with opportunities and resources in the areas of self-discovery, empowerment, cultural education, and leadership development to prepare students to live and thrive in the diverse world.
